

## **POLICE DEPARTMENT**

---

### **Writing Test Directions**

You will be asked to imagine that you are responding to a call for service on a criminal investigation. You will be given 3 minutes to review the crime scene photo. You may take notes on the paper provided. The purpose of this exercise is to evaluate the following:

- 1) Your ability to accurately recall details and events;
- 2) Your ability to clearly, concisely convey the details; and,
- 3) Your grammar, spelling and sentence structure.

Do not make up anything or assume anything.

After 3 minutes, the photo will be taken away. You will then have 20 minutes to write a description of the photo, documenting everything you see in the photo as accurately as possible.
